## Dunes to Open Tomorrow for Twelfth Season Here

The Dunes, with Connie and Ruby to greet friends and patrons, will open for the 12th season tomorrow.

Coupled with the announced opening was the statement that Ian Bernard, heralded as a "sensational pianist" coming direct from Bill Miller's Riviera in New York City, will thrill first nighters with his playing at the copper piano bar.

Ruby pointed out that the same personnel so well known to the famous habitués of The Dunes, will again serve for the 1953-54 season.

Without a doubt, Connie will again thrill those in attendance during the new Winter season with her charming vocal delivery of popular songs and it is not definitely known at this time, but Ruby, who is noted for his violin playing, may even dust that instrument off for the

entertainment of guests.

For years The Dunes, under ownership and personal management of Connie and Ruby, has been the rendezvous of internationally known celebrities of the stage, screen and radio, as well as industry.

Both of the owners pride themselves on the intimacy and warmth of The Dunes, an atmosphere which they have successfully striven to preserve over the years of their operation.

**SUNAIR SNACK BAR** — One of the popular features at the Sunair Drive-In Theatre is the modern snack bar, which offers a wide variety of tasty items for patrons to enjoy during the show. ### Sunair Theater

Prepares for  
3rd Anniversary

Sunair Drive-In Theatre will celebrate its third anniversary this week-end by showing two top movies Thursday, Friday and Saturday, Manager Bill Bronstein announced.

Pictures to be shown are "Gentlemen Prefer Blondes," starring Marilyn Monroe and Jane Russell, and "Big Leaguer," starring Edward G. Robinson.

During the three years of operation, more than 500,000 persons have watched the best in motion picture entertainment on the Sunair screen, Bronstein said.

One of the most popular features about Sunair is that persons attending need not "dress-up," and parents may bring their children without any worry about their falling asleep. Customers are also able to smoke freely and relax in their cars.

The snack bar carries a large assortment of confectioneries to add to the enjoyment of the movie. Included are hot dogs, candy, ice cream, pop corn, ham and cheese sandwiches, soft drinks, chili beans and the popular "snow cone."

Before show-time, children may enjoy the complete children's playground at the foot of the screen tower. An usher is always present to supervise the children's play.

Plans are now being made to bring other top films to the Sunair screen in the near future. Included among these are "Latin Lovers" starring Lana Turner, and "Mocambo" with Clark Gable and Ava Gardner.

## Desert Museum Opens Doors for Season Today

The Desert Museum opens officially today at 10 a.m. until 12 noon and again from 1 until 5 in the afternoon. Dr. C. E. Smith, director and Miss Lynn Emrick, assistant, will be on hand to greet all visitors.

Exhibits will be of interest to tourists as well as Palm Springs citizens.

Cahuilla basketry makes a beautiful display. These baskets are seen rather than woven.

Writing on rock—An exhibit of petroglyphs which has always intrigued and mystified the public is skillfully written and illustrated by Dr. Smith and will be on exhibit indefinitely.

A rare and precious Museum piece is the Robe or Blanket of rabbit skin rotated by Miss Cornelia B. White. It was made by the Cahuillas.

The first lecture of the season is scheduled for Thursday, October 15, at 8 p.m. at the museum. This lecture will be presented by Dr. Edmund C. Jaeger and is titled "Sand Dunes and Their Relation to Deserts."

Florida Tourists  
to Wear Clothing  
Inspired Here

Mrs. Siswick Reilly of Fort Lauderdale, Florida, is a guest of Mr. and Mrs. Hal Waltz of The Apache in Palm Springs.

She is in the city to gather ideas and inspiration for the opening of her exclusive shop, "Carriage Trade, Inc.," in Fort Lauderdale.

Mrs. Reilly, in her first visit to Palm Springs in more than seven years, expressed amazement at the beauty and growth of Palm Springs since last here.

The influence of Palm Springs in fashion design has been tremendous, Mrs. Reilly said, and the feeling for color and casual living inherited from Indian and Mexican culture, fits perfectly with the Caribbean background of Florida resort life.

Opening of Carriage Trade, Inc. in Fort Lauderdale in November, will feature a collection of Village fashions, including Cahuilla-inspired prints, Luau informal cottons, and many others.

Also guests of Mr. and Mrs. Waltz are Mr. and Mrs. B. Shepard Sheridan of Pacific Palisades, Sheridan, who was formerly an art director of Lord and Taylor, an associate of Lenin and Mitchell, now has his own advertising agency in Beverly Hills.

Smart dog, KNEW JUST WHERE TO GO

A smart dog—he knew right where to go.

Mrs. B. Whitman, 160 Cortez road, reported to police Sunday that her boxer had disappeared, the dog having been gone all day.

Shortly after this, Capt. Orest Johnson called to report that a boxer dog had been around his home most of the afternoon.

The owner and her dog were reunited.

About rhythm in noise... For instance, I sleep best when the surf is pounding near or the wheels are clacking over rail joints in a train.

ANOTHER CORRESPONDENT took me apart for recently suggesting that we name North End Park the Charles Farrell park. "Parks and others pots are not named for living people," the note said. "Don't you know that?" No, I don't. How about MacArthur park in Los Angeles? They changed the name from Westlake park after Douglas did his stuff. Helen Traubel noted Metropolitan opera star, has quit the opera for night clubs because she likes to sing the "fine popular music" and the newswriters mentioned "St. Louis Blues". I would like to hear her sing "St. James Infirmary."

MANY YEARS ago, in an ineffectual campaign against billboards which blocked the scenery, a move was undertaken to boycott firms and products which marred the view. It didn't get far. At present, I know a lot of people who refuse to buy the products advertised on the sides of trucks.

## Cameron Office Says Sales Brisk

Isabelle Cameron of the Don Cameron real estate office in Rancho Mirage reported this week that during the Summer months of June, July and August, the office sold approximately \$300,000 worth of properties.

These sales included the Percy Whiteside ranch, the Ref. Deaton ranch, the Dick Hanousek home in Palm Desert, the Wallace home in Palm Springs in cooperation with the Pete Sheptenko office, the White home on Calle Marcus in cooperation with the George Gannon office, and several Rancho Mirage business lots.

The month of September continued favorably with the sale of two Gene Roberts houses in Palm Desert and the Ethel Heycock house in Rancho Mirage. All of these sales were handled by Don Cameron and Mrs. Cameron.

## Prowler Wins in Sprint with Home Owner

George Micklos, 595 East Alejo road, reported to police Monday that he had surprised a prowler at the window of his home when going outside at 9 p.m.

He gave chase but was unable to catch him. Officers checked the area but were unable to find anyone.

Traffic managers for firms which use a lot of trucks should tell their drivers to be extremely careful so as not to antagonize prospective customers. Some local drivers still think it is Summer, and that the season has not begun. They still run stop signs. And make U turns.

THE DESERT AREA, and especially Palm Springs, pays 40 per cent of the cost of running the county. Palm Springs is

the second city in the county in valuation and in population. But over in Riverside they still take cracks at us. A county seat newspaper recently extolled piously about the gambling evil here. With exaggerated reference to undesirable people in the Village. There are probably more undesirable to the block in the county seat than in all the Village. What brought that up was the action of a county department head in making an appointment to a local post he ignored all recommendations made here by people who were on the scene and knew the situation. Instead, based his appointment on a political factor which is still non-existent. But they are glad to get our big contribution to the finances of the county.

SHOULD MAKE some mention of National Newspaper Week. But will take it on the lighter side. In the hurry and short space of time available to put out a paper, many funny things can happen. Sometimes, when a story is just a bit too long for one column,

**REGISTRATION STARTS** — Registration for students at Palm Valley School will be held today, Friday and Saturday, with

the school year to officially start Monday morning. Pictured above are some of the attractive school buildings, with the swimming pool in the foreground.

## Chamber Board to Meet Today

Board of directors of Palm Springs Chamber of Commerce will meet today to map plans for the Fall and Winter, Manager William Dunkerly said yesterday.

The board has been meeting once monthly during the summer but today's meeting was made necessary by the acceleration of the season's business.

Ted McKinney, director of the Youth Center, said yesterday it would be open at 10 a. m. Saturday morning to show the world series on television.

## Registration Starts Today at Palm Valley School

Registration of students will start today at Palm Valley School, private co-educational day school for junior and senior high school students, and continue through Saturday, Director-Owner J. Blake Field announced.

Hours when students may register are from 10 a. m. to 5 p. m. The school year will start on Monday, with a greatly increased enrollment over last year expected.

**MANY FALSE CONCEPTIONS** exist about private schools, said Field.

"In our case," he explained, "many persons believe that our school exists primarily for sons and daughters of out-of-town visitors to Palm Springs and vicinity. This is not true."

"Our school was founded primarily for permanent inhabitants of Palm Springs, on request by them," Field continued. "Of course, we do get patronage from visitors, but enrollment of sons and daughters of business and professional men are the primary requisite for the success of our school."

**ANOTHER** false impression which many Western residents have, is that private schools are for children who are not accepted elsewhere, either because of scholastic or behavior problems, the director said.

"This definitely is not true, and is borne out by our record last year, when we did not have a single case of trouble in either department," Field stated.

Eastern and Middle Western residents recognize this fact, as private schools have been in operation there for a longer period of time.

**PUBLIC SCHOOLS** are doing a good job in the education field, but due to small classes and more individual attention to students, private schools can do a better job, Field commented. He told of private school instructors having to meet the same educational requirements as public school teachers. And all Palm Valley faculty members have had years of experience in the private school field, he added.

**PALM VALLEY SCHOOL** uses the tutorial system of instruction where the teacher is at one end of a small table, with the students grouped around him.

"I have found in my 27 years of teaching experience, that this method, due to the individual attention it provides, enables students to cover one and a half years of regular school work in one school year," Field said.

## Grandpa

Ferrall Wrathall is Stepping High

Ferrall Wrathall has an extra bounce to his step and a gay whistle as he goes about his work at the Doll House these days.

The reason, he explained, is "because I'm a grandfather now."

His daughter, Mrs. George McCrystal, Desert Circus Queen of 1951, is the mother of a baby girl, her first child.

## Youth Sought for Gas Station Raid

Police today are searching for a juvenile who entered through a rear window of the grease rack room at Berta and Johnson Richfield service station late Friday night or early Saturday morning, and took \$25 in cash.

The youth either did not see, or left on purpose, another \$75 in the station at the time, police said.

## Youths Prepare Juvenile Report

Alfred D. Goldenberg, Palm Springs high school senior, who was "attorney general" at this year's American Legion Boys State at Sacramento, this week asked all of the other deputies named at the State, to speed action on their reports on the Boys State anti-juvenile crime program originated there.

He urged that all speed up their reports to city and state officials on what programs and conditions contribute to juvenile crime and to what programs and conditions cause a decline in juvenile crime.

He said that such reports, following close study and interviews, must be in by the end of October.

## Tribal Council Starts Survey of Tenancies

Agua Caliente Tribal Council has directed that a survey of tenancy be made on all Tribal land in Section 14.

The survey is scheduled to start next week, Agent Ned Mitchell said.

Some of the tenants on Tribal land are without a rental permit and the Tribal Council is desirous of issuing permits to all such tenants with the understanding that such contracts will be subject to zoning plans, rights-of-way, or other improvements as agreed upon by the Indians and the City of Palm Springs.

## Calelectric Head Launches 'Right to Work' Crusade

Published reports Saturday quoted Albert Cage, president of California Electric Power company, as telling Calelectric employees at Bishop that the company will not agree to a union shop clause "in its new contract."

The reports brought to light an unsubstantiated rumor which has been circulated in local labor circles that Calelectric plans to cancel its long-standing contract with Local 47, International Brotherhood of Electrical Workers, AFL.

Cage's statement reportedly was made at Bishop, in a talk to Calelectric's northern division employees.

Cage was said to have charged Local 47, IBEW, with abuses of the union shop clause, which prescribes compulsory union membership for certain employees.

Cage announced that he has launched a "right to work crusade" aimed at "restoring to employees the right to decide for themselves whether they shall belong to the union."

## Blankenship to Serve Term in Prison at Chino

Ray Blankenship, who was extradited from Texas in July to face trial for several daylight, sneak burglaries in Palm Springs, was sentenced in Superior Court last week to a minimum of five years in the State prison at Chino.

Blankenship entered a plea of guilty to the charge of second degree burglary, police reported. The judge, when delivering sentence, said that he was taking into account Blankenship's previous criminal record.

He was the driver and owner of the car used in committing the burglaries, officers said. His accomplice, who is believed to have entered the six homes burglarized, is now in jail in Texas on counts of probation violation and burglary of a drug store.

**FATHER AND SON**... Daniel P. Schenker and his father, Ben, are shown here going over the plans of their new dining spot the Glass Kitchen which will have its unveiling next Sunday, with an open house to which the entire community has been invited.

## Glass Kitchen to Play Host to Entire Village Sunday

The whole town of Palm Springs is invited to an open house celebration Sunday at the new and unique Glass Kitchen, 1095 South Palm Canyon drive. The owner of this new place, Daniel P. Schenker, has extended an invitation to everyone to come over between 5 and 8 p. m. that day for free ice cream and soft drinks, and balloons for the children.

The Glass Kitchen will feature barbecued ribs and chicken. The big dining room and patio will seat about 70 people. It will be a self-service type of operation and all food containers and implements are disposable after being used once. This guarantees patrons the utmost in sanitary service.

The big glass walls and stainless steel kitchen will be the only one of this type of construction in this area. John Spriggs, local contractor, handled all of the remodeling on the building. Mike Jekyll, of the Peter Shepienko Realty company, handled the transaction. After the big house-warming Sunday, the Glass Kitchen will open for regular business Tuesday, October 6.

## Supplemental Water Supply Said Area's Greatest Need

Five members of the city's official staff attended the meeting of the Citrus Belt division of the League of California Cities to hear a discussion of civic problems.

At Riverside for the meeting were City Clerk Louise McCann, City Manager R. W. Peterson, Director of Public Works John Keefe, City Planner W. G. Roessler and City Attorney Jerry Bunker.

**MAYOR JOHN BLAIR** of San Bernardino warned the top officials from 15 cities in Riverside and San Bernardino counties that failure to obtain supplemental supplies of water might be detrimental to future development of the entire area.

Re-elected president of the Citrus Belt Division, League of California Cities, during a dinner meeting attended by 150 at the Mission Inn, Mayor Blair was unable to be present at the session.

**IN A LETTER** to those attending, he revealed that he is attending the Mayor's conference at Montreal and will visit several eastern cities before returning in time for the League meeting to be held in San Francisco next month.

"Now that we are the fourth largest metropolitan area in the state," the San Bernardino mayor wrote, "I am thoroughly convinced that our communities have a marvelous future and a wonderful opportunity for the expression of cooperation as a prosperous area that will reach far into the future in its vast development."

**MAYOR BLAIR** said completion of the freeways through this area "should be a great factor in bringing a greater population, along with industry and distributing concerns that should prove a wonderful asset to our community."

He stressed, however, that the area's greatest single problem is water, and added: "While

great strides have been made toward bringing additional water into our area, it is not yet an established fact."

Principal speaker was Dr. Robert A. Nisbet, dean of the University of California's new College of Letters and Science at Riverside, who outlined conditions that can save American communities from the decline and decay that destroyed entire civilizations of the past.

## PET SHOW

half coyote and half collie. Teddy, now 10 months old,

has been with the Ellison family at their home at 535 South Calle Santa Rosa, since he was six weeks old.

**AND HE HAS PROVEN** smarter than most dogs of one breed, according to the Ellisons.

Teddy was found as a pup by two youths who were hunting. The boys chased the mother coyote away from her nest and took him and another pup with them back to civilization. Each youth took one pup to raise.

The one young man, employed at a local night club found that he was to be called into military service and started making the rounds of the neighborhood to find a home for his pet. Several people were willing to take the pup into their home — until the word "coyote" was mentioned.

**THIS DIDN'T BOTHER** Mrs. Jack Ellison though, as she decided to give the dog a trial. Jack wasn't told about it until later, after Teddy was firmly entrenched in the home life of the Ellisons.

There was a reason for this—the Ellison children are young, and Mrs. Ellison thought her husband would object.

Dominee has trained Teddy to do a number of tricks, including playing hide-and-seek with the other children, to count, and the other customary dog tricks. He has been at the shelter.

He also has proven to be a very effective watch dog.

The Ellisons are very fond of Teddy, and of pets in general. This past week, they took into their home a Mexican Chihuahua, claiming it from the Palm Springs Animal Shelter. And, besides, they found homes for three other dogs which had been at the shelter.

## World's Jet Speed Record Set in Salton Sea Trials

The desert, 50 miles east of Palms Springs, Monday was the setting for a new world speed record when an F4D Skyraider jet interceptor rocketed 742.7 miles an hour over Salton Sea.

The trials were made at an altitude over the sea that placed them below sea level. Lt. Commander James Verdin, Navy test pilot, was at the controls.

The record was set over the north shore of Salton Sea.

ALTHOUGH HE returned the world's speed record to the United States, Commander Verdin said his craft had hit the course at a diagonal and, consequently, didn't score its best possible time.

"We're all set up," Verdin said. "We want to have a clear record before the Britisher makes another attempt in the Supermarine jet in Africa."

## Three Named to Cemetery Board

County supervisors made three appointments to the board of trustees of the Palm Springs Cemetery District Monday.

John Kline and William Leonzio, both of Palm Springs, will succeed themselves. W. R. Hillery of Cathedral City will fill a vacancy. The terms are four years each.

Supervisor Homer Varner nominated the men, and the other supervisors voted for them unanimously.

Verdin referred to Cmdr. Mike Lithgow, who is seeking to pass his own unofficial world mark of 737.3 set last week.

A SPOKESMAN for Douglas Aircraft, which built the Skyraider, made it clear that Lithgow's record was unofficial. He said it was supervised by the Royal Aeronautic Society, but was not yet accepted by the Federation Aeronautique Internationale, as was Verdin's.

However, the spokesman said if Lithgow's 737.3 mark is accepted as official, the Skyraider's speed will be deprived of world record status, despite being 5.4 miles per hour faster.

FBI regulations require a new official speed mark be at least one per cent higher than the old one, which in this case is the 727.6 set by the Hunter Hawk.

IF LITHGOW'S speed over the parched Libyan desert is accepted, and if — for record purposes — it is considered achieved before Verdin's mark this week, the Skyraider will have to clock 744.67 or better to gain the world speed crown.

The World War II and Korean combat pilot flashed the Skyraider, details of which were secret until earlier this week, four times over the course, and his official time was the average of these four runs.

The fastest run was at 748.4 miles per hour and the slowest at 734.5.

Fuel gauge trouble that caused postponement of the record run from Sunday, again bobbed up today, and the run was delayed past the scheduled time.

## Car and Trailer Tangled Wreck, Driver Unhurt

Dove Scott Hess, 49, a retired Coast Guardsman, miraculously escaped injury Monday afternoon when his car and 32-foot house trailer overturned on Highway 111, one mile north of Palm Springs city limits.

Hess lost control of the vehicles about 168 feet from where they overturned, according to skid marks, California Highway Patrol officers reported. He was on his way to Cathedral City from Huntington Beach.

Damage to his 1952 model car and house trailer was extensive, with estimated value listed at \$9000 to \$10,000.

## Must Protect Right to Know

(Newspaper Week starts today across the Nation. President Eisenhower's message to the newspaper people may be found on page one today. In connection with National Newspaper Week the following item is a timely one. —ED. NOTE)

By DR. HAROLD L. CROSS  
Author of "The People's Right to Know"

The public business is the public's business. Freedom of information is just heritage of the people. Without it we have but changed our kings.

It is not enough philosophically to recognize this freedom or to pay it lip service. It is not enough that, by virtue of favorable exercise of official grace, legislative power and judicial discretion, information in substantial volume becomes known. It is not enough that industry and resourcefulness of newspapermen makes news of governmental activity available to the people speedily, in volume, at low cost.

Our people must have the right — the legal right — directly and through their press to examine the conduct of their affairs, subject only to limitations imposed by the most urgent public necessity. Subject thereto, this right and the remedy to enforce it must receive constitutional sanction and so be removed from risk of deprivation or dilution by officials, legislatures or courts.

The organized newspaper press of the nation is leading a campaign to these ends. It needs and should have the support of the public and Bench and Bar. Legislation is being passed to remove curtains that shut out light, such as those hanging in front of records of expenditures of some two billions of dollars of tax money annually for direct relief; to clarify and enlarge definitions of the term "public records" and declarations of rights of public and press inspection thereof, and to require open meetings of state and municipal bodies instead of secret or executive sessions.

## Lions Resume Formal Meetings

Formal meetings will be resumed this noon by the Palm Springs Lions club after a Summer of informal sessions.

Today's meeting will be held at the Doll House with no set program planned beyond presentation of perfect attendance pins and a "get-reacquainted" period.

Harold West, president, will preside.

## Palm Desert Sunbeams

By EDITH EDDY WARD

Shadow Mountain Club is having its face lifted! The big 135 foot swimming pool has been drained, painted and refilled with clean, cool, sparkling water. It took two days and two nights to fill this immense pool, which is reported to hold over 335,000 gallons of water! That seems like a lot of water for one swimming pool, so I tried to figure it out mathematically to verify the figure, and the more I figured the deeper it got — the problem, not the pool — because it is no ordinary shaped swimming pool. It is a huge figure-eight, with a depth of 11 feet at one end and three feet at the other, 80 feet across the large circle and 60 feet across the small one and 135 feet in length! It might be simple for someone with a mathematical mind — or a Quiz Kid — but I give up. Besides that, the deadline is getting closer to get this column out.

The lake at the Club has also been drained and cleaned. It is larger than the pool, but please don't ask how much water it holds. Naturally, the several hundred ducks, both wild and tame, had to be taken away. After the ducks were all gone, it was discovered that some mother ducks had a nest of eggs under one of the palm trees, and they all started to hatch during the hot spell a couple of weeks ago! So now the problem is what to do with all the baby ducks.

The return of the Todds, who will furnish the music again for the informal opening party on Saturday, October 17, will be welcome news to all members. Continuation upon an important television contract in New York, the Todds plan on being at Shadow Mountain club for at least part of the coming season.

Floyd Dawson will continue as manager of the Club, having completed a successful Summer operation of the outdoor dining room and poolside activities. The new chef, Daniel Beer, is a native of Switzerland with 28 years experience including the positions of head chef at the Palace hotel in San Moritz, the Trocadero in London, the Brit-

ish Colonial House in Nassau and the Washington Athletic club in Seattle. He was chosen by the Swiss government to be the chef at the Swiss Pavilion of the New York World's Fair in 1939 and 1940. Frank Constant has been selected by Mr. Dawson as Maitre d'hotel for the current season. Mr. Constant has been employed at the Jonathan club in Los Angeles for the past several years.

Attractive Nancy Kendall of La Jolla, has been selected as social secretary of the Club for the coming season. Miss Kendall has just completed a successful Summer season as a social director of the new Hotel Del Charro in La Jolla. A former swimming champion representing the Los Angeles Athletic club, Miss Kendall will teach swimming at the club in addition to her duties as a social secretary. The "Escher Williams" type, Nancy Kendall has already made many friends among the members — both young and old.

SHADOW MOUNTAIN ECHOES Back in Palm Desert this weekend opening their homes for the season are the Jason Joys; Jack and Alice Smith from Seattle; the Ed Oshiers; June Crocker; and the Charlie Millikens. House guests of the Millikens for the weekend were Mr. and Mrs. Art Letherby from Banning. The Millikens spent six weeks in Hawaii this Summer. Rudd and Evelyn Hackborn are back after a month's tour of the Pacific Northwest. They are re-opening their Barbucue and Patio shop and Evelyn is busy with several interior decorating jobs. The R. H. Gibsons (Gibson Wine president) will be down on November 1 to stay for the season. The Gibsons purchased the luxurious Bullock home in Palm Desert last Spring. The Dudley Steeles have moved into their new Sun Lodge and are busy getting settled. Leave it to Dudley to come up with all the new ideas for the two bedroom Sun Lodge — the extra dining area, wide overhang in the patio for shade, work shop and laundry room, extra closet and storage room — all compact but comfortable and convenient.

## High School Happenings

By KENT WERGES

Try-outs were held last Thursday for Pom-Pon girls and majorettes. From approximately thirty girls, five new Pom-Pon girls and two new majorettes were chosen. Last year's head Pom-Pon girl, Barbara Goranson, was awarded the position of Drum Majorette. Dottie Allen and Donna Carney also were chosen as majorettes.

This year's head Pom-Pon girl Jo Sanders, will be ably assisted by Barbara Cooper, Linda Di Grandi, Neenah Hall, Mary Harrison, Anita Martin, Barbara Nutton, Pauline Regan and Beverly Yager. The girls are busy working on costumes and routines. They made a good showing at the first game, even though it is early in the season.

This year the officers of the band are: Eddie Kibbey, student conductor; Dixie Gardner, attendance secretary; Sandra Hill, secretary in charge of letter award point system; Mickey

Lang and Marsha Kane, librarians; Gary Hammond, property manager; Harry Krings, uniform manager; and Kent Werges, publicity manager.

## CLASS ELECTIONS

Today the student elections were held and the results were as follows:

Freshmen — President, D. Fisher, vice president T. Krueger, secretary J. Kellerblock, treasurer, N. Hall.

Sophomores — President K. Reich, vice president M. Strauss, secretary, J. Jordan, treasurer P. Newlin.

Juniors — President M. Bizek, vice president W. Manger, secretary S. Woodward, treasurer J. Watlett.

Seniors — President J. Seps, vice presidents D. Weatherford, secretary D. Allen, treasurer H. Smith.

These elections were held during sixth period.

## All County Employees to be Given Driver Safety Tests

County supervisors announced they are going to test all 1200 county officials and employees to determine whether they are capable of being safe drivers, starting this week, and starting with themselves.

The program of tests has been developed by County Safety Director O. S. Drescher, with assistance from the safety division of the Pacific Telephone and Telegraph company.

The tests will determine how fast a driver reacts and how well he coordinates his senses. The supervisors have indicated that employees who now drive as part of their jobs may be transferred to other duties if they make hopelessly bad scores.

It was not clear, however, what will happen to a supervisor who flunks out. In Riverside county's vast supervisorial districts, some of which are bigger than ordinary counties in other states, a supervisor without a car would be severely crippled.

## Congressmen to Tour Coachella Valley District

Coachella County Water district officials and members will tell a congressional committee of their problems next week when the house appropriations subcommittee on Interior affairs tours the district.

Five Congressmen will spend the day Monday in the desert area touring the Coachella canal and distributing system.

At its meeting last week, the district board discussed the problem created by canal leakage. It was reported that 49 per cent of the water which started for the Coachella Valley did not get there. C. S. Hale, CVCWD general manager, blamed seepage in the unlined canal.

## On The Trails

Across the Great Plains . . . Through the Big Horn Mountains . . . Even to the expansive Shenandoah Valley . . . And the Skyline Trails of the Blue Ridge Mountains . . . The quiet glamour of our own desert trails, shines like a pot of gold at the end of the rainbow, and suddenly the gentle Indian Summer beckons us all to once again saddle up and get on with the season's fun.

Los Compadres started out with a double-header, having a party on both Saturday and Sunday nights. This was by error, but though divided, the members and their guests had a heart-warming reunion both evenings. Highlight of the Sunday party was the entertainment by guest Curley Atkinson of Pina Blanca, New Mexico. Curley can make a guitar really work, either as a one man dance band, or as accompaniment to his songs. It was a bring your own steak affair with all the trimmings furnished by the club.

Tonight there will be a business meeting at the Clubhouse. All members are urged to put in an appearance as the Western Week discussion will take place.

Chiff Campbell is giving the business people an opportunity to enjoy the thrill of our early morning trails. Starting each morning at seven, they ride out for an hour before breakfast.

## Jayvee to Open Season Against Coachella Oct. 8

**NEW MANAGER**—A. E. "Ted" Cadman is the new manager of Tamarisk Country Club, succeeding Tony Burke, who resigned to return to active engagement in his real estate business. Formerly at Broadmoor Golf Club, Seattle, Cadman has been more recently with the Portland Golf Club. His wife, Alyce, will join him here next week.

Four games are definitely scheduled for the Indian Jayvees, with the possibility of several more. Coaches Bill Manger and Dick White reported today.

Opening game is October 8 at Coachella, starting at 7:30 p. m. Others scheduled are: October 22, Coachella here, October 29, Beaumont there, and November 5, Banning there. The team may also participate in a Football Carnival at Coachella November 11. The players are starting to show improvement after three weeks of practice, and barring injuries, should give a good account of themselves in all games, the coaches said. Twenty boys of the 24 original candidates are still with the team.

### Flood Engineer Given State O.K.

County Flood Control District reported Saturday that Acting Chief Engineer John Bryant, who comes here from Montana, has been approved by the state board of registration for civil and professional engineers.

The board examined him last Thursday in Los Angeles. County supervisors said when they hired Bryant earlier this year, that they would give him a permanent appointment when he secured his license from the board of registration.

### SOMETHING NEW — PLANE IS CLOUTED

## INDIANS MEET BREA-OLINDA THERE IN SECOND GRID GAME OF SEASON

Palm Springs high school Varsity griders will be out to avenge a 21 to 0 defeat, suffered last year, this Friday afternoon when they meet Brea-Olinda on the latter's field. Game time is 3 p. m.

Coach Clare Ballagh's Indians will be in for another tough game, as the Brea-Olinda squad won its first game Friday by a 14 to 6 score. Claremont was the victim.

Coach Clare Ballagh was fairly well satisfied with his team's showing against Pacific high school of San Bernardino Friday night, when they played to a scoreless tie with the larger school.

"WE LOOKED good in spots," Ballagh said, "but there also

were a lot of places where the boys could show improvement." Most of these were lapses of memory only, he added.

Charley Driskell suffered an injured ankle in first half play and was held out of action after that to avoid aggravating the injury, but is expected to be ready to play Friday.

Ballagh is planning several experiments this week in positions, and might even change his starting line-up Friday to attain more speed.

**BOYS HE SELECTED** for special praise for their play last week were: Tackle Tom Martin for his blocking, Gary Driskell for his play at offensive guard and defensive end, Chuck Martin and Ralph Estrada for their

line-backing, Vince Gonzales as defensive end, Alvin Harrison and Gerald Egbert for their running, and Lloyd Brubaker who did an excellent job in his first game as quarterback.

In statistics, Palm Springs led in first downs, 10 to seven; and completed three of eight passes, compared to two for eight completions for Pacific.

**PALM SPRINGS** put up an excellent goal line stand in the first quarter, having a punt blocked and the visitors recovering on the five, Pacific advanced it to the three in three downs, and then fumbled, the Indians recovering.

Pacific blocked another kick shortly after this, but the play was nullified by a 15-yard holding penalty.

## Woman's Bowling League

Bowling will continue every Monday night for 29 weeks with the season ending May 24, 1954. The sweepstakes tournament will be held May 31, 1954. Six teams are scheduled to

compete, with four sponsors named to date. Sponsors named are: Marty's Sample Shop, 1953 winner; El Paseo Beauty Shop, The Bowling Academy, and the Ham and Eggery. The other two sponsors will be announced later, and officers ask that anyone wishing to sponsor a team contact the Bowling Academy.

All bowlers are members of the National, State, District and Local Women's International Bowling Congress, Inc. All women interested in bowling on a team are also asked to contact the Academy.

# The Desert Sun

and PALM SPRINGS NEWS

Page One-B Palm Springs, California, Thursday, October 1, 1953 Second Section

With Hildy Crawford

"Essentially, the desert is Nature in her simplest expression" . . . wrote J. Smeaton Chase in his out-of-print book "Little Araby" . . . published in 1920 . . . The author gives you a picture of Palm Springs . . . in its kerosene light days . . . when it was really a Village . . .

Chase thought it was only for the "discerning few" . . . and that it might lose its charm . . . if too much people . . . He describes it lovingly . . . "Right at the mountain's (San Jacinto) eastern foot . . . where the red rock-slabs rise sharply from the gray desert floor . . . lies the village of Palm Springs . . . Geographically it is a village unique . . . One might call it the child of the mountain . . . for it lives in the mountain's protection . . . and is nourished out of its veins" . . . I don't know what he would think of the Palm Springs of 1953 . . . but I think the Village has successfully retained its charm . . . with a dash of sophistication . . . and beyond lies the ageless desert . . . and the unchanged mountains . . . The green palm trees accent the beige of the desert sand . . . and the desert stars glitter undimmed by the neons along Palm Canyon drive and Indian avenue . . . That the charm has been retained . . . is unmistakable . . . as you note the joyousness with which Villagers return here from all over the world . . .

## Golden Nugget Ball

Invitations are out for the fabulous Golden Nugget Ball . . . on the evening of October 17 . . . The first big social event of the season . . . it will also be the first major festivity in the enlarged El Mirador Room . . . and Freddie Karger's orchestra is signed up for the occasion . . . Nina Anderson will again chair the Ball, which highlights a three-day \$100-a-couple houseparty . . . at El Mirador . . . on October 16-18 . . . on behalf of the Jimmy McHugh Polio Foundation Inc. . . Many other events are planned for the houseparty . . . and the Ball, which is being held about a month earlier than last year . . . is expected to start a social whirl . . . as many socialites hostess pre-Ball cocktail parties . . . The Ball, of course, has a Western motif . . . and will be \$35 a couple . . .

Martha James an I were discussing that new Italian haircut . . . and she opined . . . it looked something like an unmade bed . . . and then went on to speculate . . . what Hedda Hopper would look like with an Italian haircut under one of her famous hats . . . "that look like a forced landing" . . . That Martha has an agile brain . . .

Remember that early day Marx Brothers act . . . with the carpenters wandering around . . . in a confused fashion . . . carrying ladders and stacks of lumber? . . . Well, The Center the first of this week . . . reminded me of that act . . . Town and Country had its musical recordings going . . . painters were wandering around with ladders and buckets of paint . . . and carpenters were swinging long boards around . . . I looked . . . but didn't see any of the Marx Brothers . . . but I wouldn't have been surprised if I had . . . Incidentally, The

Center is going to be one of the smartest looking places in the Village . . . Come by and take a look . . .

## Love It

A note from Mrs. Harry Clatworthy from Fort Morgan, Colorado . . . says, "Having a good excuse to return to my San Lorenzo home in Palm Springs . . . a month early . . . makes the time fly by until October 10" . . . Her daughter, Mrs. Joel E. Stone of "Place in the Sun" . . . returned early in September . . . to place her little daughter Sally in school . . . The note concludes "So Palm Springs, instead of Denver, will be their permanent winter residence now . . . as well as ours . . . and we all love it, as you must know" . . .

Vivian Austin, who is in temporary exile from her favorite town . . . Palm Springs, of course . . . will be going to the Peter Bent Brigham hospital in Boston next week . . . for a check up . . . She will be back the last of the month . . . and says she expects they will wind up in Palm Springs somehow . . . to rent, buy or build . . . They've spent their spare time this Summer . . . drawing up plans for the house they are going to build at 300 Merito place . . . Their bright-eyed Angela was six months old on Sunday . . . and weighs 17 pounds . . . Vivian has been taking the baby into the pool with her . . . ever since Angela was two months old . . . and she's a regular aqua-baby . . . The Austins spent most of the Summer at their Bel-Air home . . . just to play with the baby . . . Mr. and Mrs. J. Ross Clark II, of Thunderbird Country Club . . . have been spending a few days at Del Monte Lodge . . . in Pebble Beach . . . Bud and Vic Graves are back from their stay at Big Bear . . . arriving in the Village Thursday night . . . Mickey Wheeler came back the same day . . . and is busy framing some of the pictures she painted this Summer . . . She calls them imaginative portraits . . . in the modern manner . . . You may have seen some of her work in the Eisenberg Gallery in Pasadena . . . for she had three canvasses hung there all Summer . . . Look for the signature "Mickey" . . .

## Back to School

It's back to school . . . for Stanford students Janet Jaynes, Bea Bailey and Mary Pendry . . . who left last weekend for Palo Alto . . . Mrs. Jaynes drove North with Janet (she's a Junior this year) and will fly home . . . Around and about . . . Grace Pope writes from the Beverly Hills hotel . . . that she will be home at her Riverside drive residence . . . arriving today . . . Bess Bender is back in the Village . . . after a trip to New York . . . Saw Mac and Chris Haskell (he and his twin brother Mert are co-owners of the airport) lunching at Chi Chi . . . the other noontime . . . and it

## Soroptimist Conference Here Oct. 31

Soroptimist Club of Palm Springs will be the hostess club when Southwest Region, District II, holds its workshop conference at El Mirador on October 31. Neighboring clubs at Banning, Beaumont and Coachella Valley will assist with the hostess duties.

Madge Holderman, a director of the Palm Springs club, is general chairman for the event, which is expected to be attended by 350 delegates and visitors. She is being assisted in preliminary arrangements by Eileen Carey.

Federation President Elsie Fenton is expected to be here for the conference and she will speak at the luncheon Saturday noon. Mayor Florian Boyd will welcome the visiting clubwomen. Musical entertainment will present Alex and Wynne Hammond, accompanied by Lois Lux at the piano.

A dinner Saturday night will highlight the conference, with entertainment being provided by stellar acts from Village night spots.

## Two Babies Born at Hospital

A baby boy, weighing eight pounds, six ounces, was born to Mr. and Mrs. Sam Janich, Box 74, Palm Springs, at the Desert hospital on September 25.

Mr. and Mrs. Jack Morrow, Box 653, Palm Springs Trailer Village, are the parents of a daughter, weighing five pounds, fifteen and a half ounces, born at Desert hospital on September 29.

reminded me . . . that Villagers can't tell the two brothers apart . . . and are mistaking both of them for Bill Boggess . . . Reporting the latest on LaFleurs (he is manager of O'Donnell Golf course) . . . they're home . . . Coloratura Lily Pons . . . who is building a home here . . . was fingerprinted Monday afternoon at the police station . . . for a gun permit . . .

Sonia Brasswell sent us a copy of the Guadalajara News Week (she's on their writing staff) . . . a tabloid with a lot of human interest . . . Sonia's column "People and Places" was devoted to the Hospicio Cabanas (orphanage) and La Penitenciaría (jail house) . . . and I loved her description of the jail . . .

She wrote that it is strictly Gilbert and Sullivan . . . with all the cells wide open . . . and full of the inmates own beds, radios, knickknacks and patron saints . . . (She swore she saw one long-time resident carefully lock his cell behind him) . . . The inmates all engage in their own business . . . have a swimming pool and baseball and volleyball teams . . . and their wives spend one night a week there . . . and do the old man's laundry . . . She winds up . . . "No convict clothes, no regimentation and no locks . . . Did you ever hear of such a jail-house????"

On Tuesday, September 29, at Chino, the State officers of the Auxiliary conducted the annual school of instruction for committees and officers. Unit members attending were Christine Renier, Dorothy Morrison, Frances Heath, Harriet Henderson, and Naomi Mitchell. Score on the deer hunt was: Mrs. Trezevant 2, Mr. Trezevant 1.

### St. Theresa's Mothers Club Opens Year with Luncheon

A buffet luncheon in the school auditorium ushered in the first meeting of the St. Theresa's Mothers Club, with attractive floral arrangements by Mrs. Tani Boyle adorning the tables.

Luncheon hostesses were Mrs. Mary Sitter, Margaret Theriault, Tani Boyle, Jacquelyn Cole, Winifred Cody and Marion Cosgrove. The business meeting which followed was presided over by Mrs. Cody, this year's president. Mrs. Cody introduced the officers: Mrs. Cole, vice president; Mrs. Lucille Fry, secretary; Mrs. Margaret Pratt, treasurer; Mrs. Peggy Singler, corresponding secretary; Mrs. Boyle, hospitality chairman; Mrs. Julia Dunne, tea chairman; Mrs. Peggy McCoy, ways and means chairman; Mrs. Virginia McLaughlin, publicity chairman. Discussion centered around club projects for the year, including a rummage sale, card party, and a three-day festival at Thanksgiving time. The rummage sale, in December, will be under the direction of Mrs. Elizabeth McIntyre and Mrs. Helen Wilkins, co-chair-

men. Mrs. Lucille Fry, Mrs. Hilda Talbot and Mrs. Dorothy Gauda will repeat for the third year, their successful handling of the card party at the Palm Springs Biltmore. Each year it has been an outstanding success.

Still in the planning stage, the festival will be under the direction of Mrs. Cody.

Appointment of Room Mothers was announced as follows: Kindergarten — Mrs. Tom Sellman, Mrs. P. Mutascio, Mrs. J. Eichler.

First Grade — Mrs. Warren Slaughter, Mrs. Pat Cohen, Mrs. G. J. Parrish.

### Town & Country Opens for Third Season Tomorrow

Town and Country, Mr. and Mrs. Gilbert's "different" restaurant, opens for the new season tomorrow in The Center with the same quiet atmosphere and excellent cuisine as in past years.

Personalized attention by Mr. and Mrs. Gilbert, plus subdued music and an air of "away from it all" is the setting for excellent luncheons and satisfying dinners.

Its upstairs dining room and cocktail lounge are increasingly becoming the spot where business and professional men and women, seeking a quiet luncheon hour, or Villagers and visitors looking for an excellently prepared dinner, are going.

The Gilberts again will specialize with their Smorgasbord in real Scandinavian amplexness and variety. Their luncheon buffet is served from 12 noon to 3 p. m.

It is the third season for the Gilberts, whose desire to serve the best in foods in a manner which places the satisfaction and convenience first, has won, and is winning steadily increasing praise.

### Western Week Topic Tonight

Los Compadres club, at its first regular meeting of the Fall season tonight at the clubhouse, will further plans for the 1953 version of Western Week and select a chairman for the event.

Dates for the week will also be set at tonight's meeting. At a preliminary meeting, tentative dates in the middle of November, later than usual, were discussed.

## Cathedral City News

By Paul and Mildred Clark—Phone 8-4691

### Goes to India

Larry Weingartner, Cathedral City Lions club secretary, who has been in charge of the state and county fire station at Palm Desert, has been transferred to the India station. He will be able to continue his connection with the local Lions Club, however. Mr. and Mrs. Weingartner have just returned from a trip by air to Cleveland, where they were called by the sudden death of Mr. Weingartner's father. On their return trip they visited their son Jack in Dallas. Jack will be manager of a new Preston Center, Texas, mens' sportswear store soon to be opened as a branch of the famous Nieman-Marcus establishment.

### Lions Open Season

Lions club president Francis L. Wood announces that the first dinner meeting of the season will be held next Thursday at 7 p. m., at the usual meeting place, Cathedral City Town Hall. Paul Clark will be chairman of the meeting and a full attendance is expected of all the brothers who will have great tales, true and untrue, of their summer travels and fishing exploits. A report of the Boy Scouts who attended the National Jamboree at Corona Del Mar this summer will be given under direction of Scout Committee Chairman George Miller and Scoutmaster Scott Thompson. Secretary Larry Weingartner will report on the 1953-54 budget, which includes provisions for the school milk fund and Boy Scout activities sponsored by the club.

### Back from Vacation

Mrs. Miriam "Billie" Williamson, director of the Desert Art Center Gallery, has just returned from a four months vacation spent in the Pacific Northwest. During the month of June she was the guest of Mr. and Mrs. M. D. Bearden in their home in Hoodsport, Washington, salmon and trout fishing. Mr. Bearden is a noted artist and well known in Cathedral City, where Mr. and Mrs. Bearden make their winter home. From Lilliwaup on Hood Canal, Mrs. Williamson traveled to Muriy Bay on Whidby Island on a sixty foot yacht of friends and spent two months with Mr. and Mrs. Donald MacDonald, spending most of the time salmon fishing. Mrs. MacDonald is the sister of Mrs. James Wolseth of Desert Lodge, Victoria, British Columbia. Vancouver Island, and Vancouver, Washington were visited on the way south. Mrs. Williamson announces that the Desert Art Center gallery opens to the public today and all are cordially invited to visit.

### Mark Anniversary

Mr. and Mrs. Harry L. Watts celebrated their silver wedding anniversary last Friday with a party attended by Mr. and Mrs. T. M. Powell, Mr. and Mrs. Ray Cook and Mr. and Mrs. Leo Shirley. Mr. Watts evidently believes in commemorating the event properly because on his wedding day he was so excited that he cut off the end of a finger on a circular saw. On their anniversary Friday, he cut the next finger on the same hand in the same way, fortunately this time not entirely severed the finger however.

### Return to Desert

Warner Moon, Cathedral City librarian and Chamber of Commerce secretary, returned this week from his annual summer trailer tour. Accompanied by Mrs. Moon and his sister, Mrs. Beth Bice, they spent several weeks in the Great Smokies, then up into New York and back through the middle west, leaving Mrs. Bice in Ohio. Mr. Moon attended the Toastmaster's convention in Denver the first of this month as a delegate of the Palm Springs Toastmasters Club. Mr. Moon states that the library, which has been open all summer on reduced hours, will resume its regular schedule tomorrow. The hours will be 2 to 5 and 6 to 8 on Mondays, Wednesdays and Fridays. He says a goodly collection of new books has accumulated this summer and that most of those on best seller lists may be had.

### In New Home

Mr. and Mrs. Ray Potter moved into their lovely new home, built by Moon and Moon in Desert Cove, just east of Cathedral City, late this summer. Last night a surprise house warming, which in exuberance and noise partook of the nature of a charivari, was staged by some 50 Cathedral City neighbors and friends. The party met

at the Harvey Petersons ranch home and went in a body to the Potter home, where the new house was inspected, a lovely floor lamp donated, and refreshments which had been brought along by guests were served.

### Sanitation District

Cathedral Sanitation District Board, at its meeting Monday night, authorized funds for a cut and cover operation at the dump site belonging to the district, located one mile north of Ramon road and one mile east of Date Palm Drive. The board wishes to call the attention of all residents in county territory in this area to the availability of this dump, hoping that the practice of many in dumping trash along the highways will be stopped. As many users of the dump live in county territory outside the boundaries of the Cathedral Sanitation District, president Claude Cobb expressed the hope that the county could be induced to provide a county dump or to assist in the maintenance of the Cathedral dump.

### Cathedral Briefs

W. R. Hillery has been named by County Supervisors to membership on the board of the Palm Springs Cemetery District. Mrs. Maude Griffith and her daughter, Mrs. Ruth Sheyer, have returned from their summer home at Puyallup, Washington. Mr. and Mrs. Charles Tambaing report from Lilliwaup, Washington, that they will soon be back to their desert home.

## State Starts to Clear Path for Freeway Oct. 6

First auction of houses in the path of the Banning Freeway will be conducted October 6. Ray O'Bier, district right-of-way agent for the state highway department said this week in San Bernardino.

The sale will begin at 9 a. m. at 556 West Livingston street in Banning, the first house to be sold.

As each house is sold, the sale will progress to a new site, where the state has acquired a property which now needs to be cleared.

O'Bier said six properties are involved in the first sale, but that more than 6 houses are included as some of the lots have more than one residence.

He said most of the houses are on the south side of Livingston street between fourth and eighth streets. Two are on Alola street.

All of the houses have been vacated and the state is anxious to have them moved off the freeway right-of-way as soon as possible.

From where I sit... by Joe Marsh

### One for the Books!

Noticed the Missus had a red  
ribbon tied around her finger at  
breakfast one morning last week.  
"What's that for?" I asked.  
"Your memory slipping?"  
"It's not for me," she answers,  
"it's to remind you, and every-  
body else who asks what it's for,  
to contribute to the Woman's  
Club Library Fund. We need  
\$200 and we figured we'd get  
more help if we could get people  
to ask us about it."

Well, as it turned out, the red  
ribbon worked just fine. The  
ladies are having the library all

fixed up—and there's enough  
money for some new books, too.  
From where I sit, it would be  
a fine thing if we had some sort  
of private reminder when we for-  
get the rights of our neighbors.  
Like when we start telling them  
what we think is best. I may like  
a travel book and a temperate  
glass of beer while you prefer a  
cup of tea with your historical  
novel. Let's both remember not  
to "put the finger" on the other!

For those whose numbers did not answer or whose calls could not be completed there were free telegrams.

Nurses Aides and volunteer nurses staffed a nursery to provide baby sitting service for families of the returning servicemen while they endured the long wait on the dock.

For several families who never before had been far from their homes in small towns, in other parts of the country, but came to the Pacific coast to meet the returning POWs, San Francisco's Red Cross volunteers arranged hotel accommodations and the chapter's motor service took them from hotels to the dock.

Red Cross Field Director, Winston A. Sedgwick, accompanied the repatriates on the voyage from Incheon to San Francisco, to help the former POWs with any personal problems they might have, to offer them cable communications to their homes and to provide recreation facilities to help them pass the time aboard ship.

## 'Unreality' Subject of Sunday Sermon

God's goodness practiced, exposes and uncovers the unreal nature of evil. So explains the Sunday, Lesson-Sermon on "Unreality" in all Churches of Christ, Scientist.

The Golden Text is from I Timothy (6:17): "Charge them that are rich in this world, that they be not high-minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy."

In Luke's Gospel (6:9, 10) it is recorded that when Jesus saw the man with the withered hand he said to the scribes and Pharisees who sought to accuse him, "Is it lawful on the Sabbath days to do good, or to do evil? to save life, or to destroy it?" Then he said to the man, "Stretch forth thy hand. And he did so; and his hand was restored whole as the other."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "Inasmuch as God is good and the fount of all being, He does not produce moral or physical deformity; therefore such deformity is not real, but is illusion, the mirage of error. Divine Science reveals these grand facts. On their basis Jesus demonstrated Life, never fearing nor obeying error in any form" (p. 243).

meeting by District Deputy Harry Dosstal, of the Riverside council.

if FATHER SERRA had had a phone

the building and developing of his California missions would have been an easier task. Since each mission was separated from the next by many rough, hard miles, keeping in touch with them all from San Diego to San Francisco by the old heel and toe method must have been an almost impossible job.

The telephone, of course, is the modern tool of contact. It binds things together — business houses and their branches, manufacturers and their agents, buyers and sellers, and what is very important, friends and members of families. Every year more people are recognizing the great value of the long distance call in the development of good human relations.

The ancient Aztecs called vanilla TLilxochitl, meaning Black Flower.
